Stated square footage and dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and do not vary from the square footage and dimensions that would be determined by using the description and definition of the “Unit” set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes all interior structural components and other common elements). For your reference, the area of the Unit, determined in accordance with these defined Unit boundaries, is as set forth on Exhibit “G” to the Declaration of Condominium contained in the Prospectus. Measurements of rooms set forth on this floor plan are generally taken at the farthest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts or variations. Accordingly, the area of the actual room will typically be smaller than the area calculated by multiplying the stated length and width. All measurements are estimates which will vary with actual construction, and all floor plans, specifications and other development plans are subject to change and will not necessarily accurately reflect the development. All depictions of appliances, materials, finishes and fixtures are representations only and are not necessarily included in each Unit. ORAL REPRESENTATIONS CANNOT BE RELIED UPON AS CORRECTLY STATING THE REPRESENTATIONS OF THE DEVELOPER. FOR CORRECT REPRESENTATIONS, REFERENCE SHOULD BE MADE TO THE DOCUMENTS REQUIRED BY SECTION 408.06, FLORIDA STATUTES, TO BE PHUNISHED BY A DEVELOPER TO A BUYER OR LEASEE. These materials are not intended to be an offer to sell, or solicitation to buy, a unit in the condominium. Floor plans not to scale.
